

HITESH SHARMA

Frontend Developer

Shimla, Himachal Pradesh | 7876697516 | hs760950@gmail.com

PROFESSIONAL SUMMARY

Frontend Developer experienced in building modern, responsive, and production-ready web applications using React.js and Next.js. Experienced in reusable UI components, REST API integration, responsive interfaces, dynamic data rendering, and live client projects across travel, SaaS, and business domains. Uses AI-assisted development tools to improve implementation speed, debugging, refactoring, and code quality.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Bootstrap, Material UI, Tailwind CSS, Responsive Web Design

State & APIs: Redux, REST API Integration, Dynamic Data Rendering, SSR, SSG,ISR

Tools: Git, GitHub, VS Code, GitHub Copilot, Cursor, Antigravity AI

PROFESSIONAL EXPERIENCE

Frontend Developer June 2025 – Present

Eligo Creative Services Pvt. Ltd.

- Develop and maintain production-ready frontend features for live client applications using React.js and Next.js.
- Build reusable, component-based interfaces focused on maintainability, consistency, and responsive behavior.
- Integrate REST APIs and handle dynamic data rendering for customer-facing and internal application workflows.
- Collaborate with backend developers to consume APIs, troubleshoot integration issues, and deliver end-to-end features.
- Translate UI designs into responsive and pixel-accurate interfaces across desktop, tablet, and mobile devices.

SELECTED PROJECTS

TrackItinerary — Multi-Tenant SaaS CRM | Next.js, React.js, Laravel, PostgreSQL, REST APIs

- Contributed to frontend development of a multi-tenant travel CRM supporting agency operations and customer workflows.
- Built responsive interfaces for lead management, itinerary creation, automated follow-ups, quotations, and booking operations.
- Integrated frontend workflows with backend APIs for dynamic lead, customer, itinerary, and booking data.
- Worked on interfaces supporting WhatsApp Business API, Meta Ads, and Google Ads integrations.

TripNavigate — Travel Booking Website | React.js, JavaScript, REST APIs

- Developed and maintained frontend features for a travel booking platform covering flights, hotels, visas, and other travel services.
- Implemented booking and user-facing workflows, integrated REST APIs, and handled dynamic application data.
- Collaborated with backend development to support API integration, booking data, and business workflows.
- Improved responsive behavior and usability across desktop and mobile devices.

Mindcraft — Interior Design Website | React.js, JavaScript, REST APIs

- Developed reusable React components for an interior design platform showcasing projects, services, and design concepts.
- Implemented interactive UI features, dynamic content, and API-driven functionality.
- Built responsive layouts for consistent experiences across desktop, tablet, and mobile devices.

Additional Client Work

- Skykoda.com and other business websites — responsive frontend implementation, reusable React components, REST API integration, and cross-device UI optimization.

EDUCATION & TRAINING

- **Bachelor of Commerce:** Rajiv Gandhi Govt. Degree College, Shimla (H.P.) | 2020 – 2023
- **O-Level:** National Institute of Electronics and Information Technology (NIELIT) | 2020 – 2021

Web Development Training: BigBoxx Technologies, Chandigarh
